We are looking forward to get talented texts based on European history, about processes here during past 100 years – how they had influenced minds and souls of modern European.

Delegates of the festival will be hosted at resort near Liepāja, close to the Baltic sea. Activities will go on both at camping place and in Liepāja city, which is one of most creative cities in Latvia (www.liepaja.lv).

At June 23rd here is huge Midsummer night celebration, which is Latvian National holiday – please, plan not to depart on that evening.

We cannot say anything certain about weather in Latvia in these days – traditionally it is quite unstable: possible +25, possible +10. But at nights here can be also 0.
